Percentage: 81.6%

## TRAININGS

**Java**

Indian Institute Of Technology Kharagpur NPTEL, Online Jan 2022 - Apr 2022

I have completed Programming in Java course offered by IITKharagpur in NPTEL.

## PROJECTS

• **Pen testing on Enterprise resource planning software(ERP)**

I reported to management of our college serious vulnerabilities which were present in our college website and ERP. Which were considered and corrected by technical team.

• **Android app to find investors**

Currently working on this app.

In this app users would be able to post their business ideas and find investors.

• **KCET cut-off Mar 2022 - Mar 2022**

An android app to check previous years cut-off of KCET exam.

Used Firebase database for storing data.

• **Snake and ladder game with mathematic questions Oct 2021 - Nov 2021**

To make game more interesting instead of dice, a mathematic question is given and time of 10s. The steps are awarded to player by analysing the time consumed by player to solve the give question.
