04/2020

85.5%

10th

Karnataka Secondary Education Examination Board • bangalore, karnataka

04/2018

81.60%

ACADEMICS/ PERSONAL PROJECTS

Snake and ladder game with mathematic questions

09/2021

My project was Snake and ladder game (using python and pygame).

To make it more interesting instead of dice I gave a mathematic question to solve and time of 10s. So the steps are awarded to player by analysing the time consumed by player to solve.

Android App with Firebase DB connectivity

12/2021

This android app is planned to help students who write KCET exam to check the previous year college cut-off. It is a online app which fetch the data from realtime database.
